Each morning a familiar voice came from the public address system. StuCo President Clark Zimmerman was a voice from the crowd which read the daily bulletin at 7:30.

The faces in the crowd
were caught up in a whirl of
activity and color. From the
morning announcements through
classes and lunch and into the
evening events, the students of
HHS were involved in the life of
a busy high school. The students
were also crowded. Over 2500
pushed their ways into the buildings
and narrow hallways for the
seven-hour day.

Rushing to finish lunch each day, HHS students were part of the crowd that surged as each bell rang. Bubba Kennedy finishes his meal in the crowded cafeteria before hurrying to homeroom.

A standout before football halftime fans is Wildcat Marching Band Drum Major Darla Dnihoble.

Honored at Homecoming was Football Sweetheart Cathy McFarland who was escorted by her father.

During a moment of spirited competition, Varsity cheerleaders Sandy Williams and Dana Beasley lead the crowd in cheers.

Humble High became a member of the AAAA Good Sportsmanship League and traded gifts at each football meeting with other members. Dick Francis was a member of the Humble committee during pregame presentations with Jersey Village.

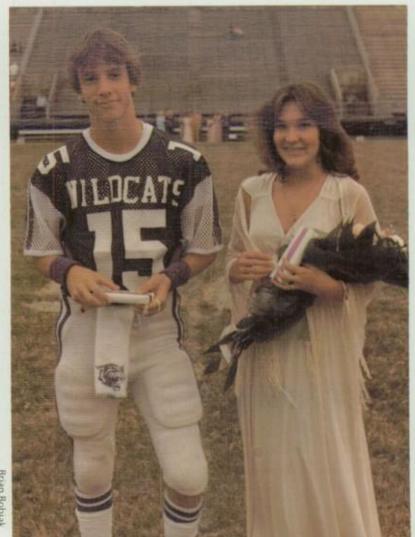

Freshmen elected Terry Hargarther as their Homecoming Queen. Her father is her escort at pregame crowning. Below, Jackie Echols and Danny Tucker are honored by Choir as its sweetheart and beau at the ceremonies.

Mindy Townsend, who was named Sophomore Homecoming Queen, also walks to honor with her father. Below, Pep Squad honors David Denny and Tammy Garcia as beau and sweetheart before the October 6 game.

The Class of 1980 selected Eva Williams for their queen and her father stands by her side. Below, drill team honorees are Brian Richmond and Jayna Meuller, beau and sweetheart.

The last Homecoming Queen for the Seniors was Heidi Isto, here with her father.

Even with the vast numbers at HHS, some faces in the crowd stood out. At the first major event of the year, the elite — the Homecoming royalty — were honored before the packed stands at the pregame ceremony. Smiles, tears and flashy clothes distinguished these folks from the others.

The fun that goes with Football season had ended but the flurry of activity continued. December variety: Wildcatdets prancing, "Number One" Basketball cheering at **New Caney and Santa** wintering in the lobby. While students awaited the blessed holidays, spirit was still at a high pitch. Student Council helped hurry the long winter days with their replica of the North Pole.

Wildcatdets won first place at Channelview in their Jazz and Prop routines and second place in Highkick. *Top*, the group kneels in part of the Highkick dance. During the Prop routine Amy Lively and Kelly Davidson handle the blue and silver hoops which were added to the group's dance.

Part of the annual Christmas StuCo events for the student body is the picture-taking with Santa and Mrs. Santa. Sitting on Santa (Mr. Richard Ceritella's) lap was the thing to do for girls.

Booths filled the lobby of HHS during Snowball Mountain, the StuCo's Christmas event. Nancy Selnicka purchases cookies from a student council member during the December 11-15 activities.

Photographer Clark Zimmerman and handlers Mary Gallion and Kelly Jones work on mounting Santa pictures for purchasers.

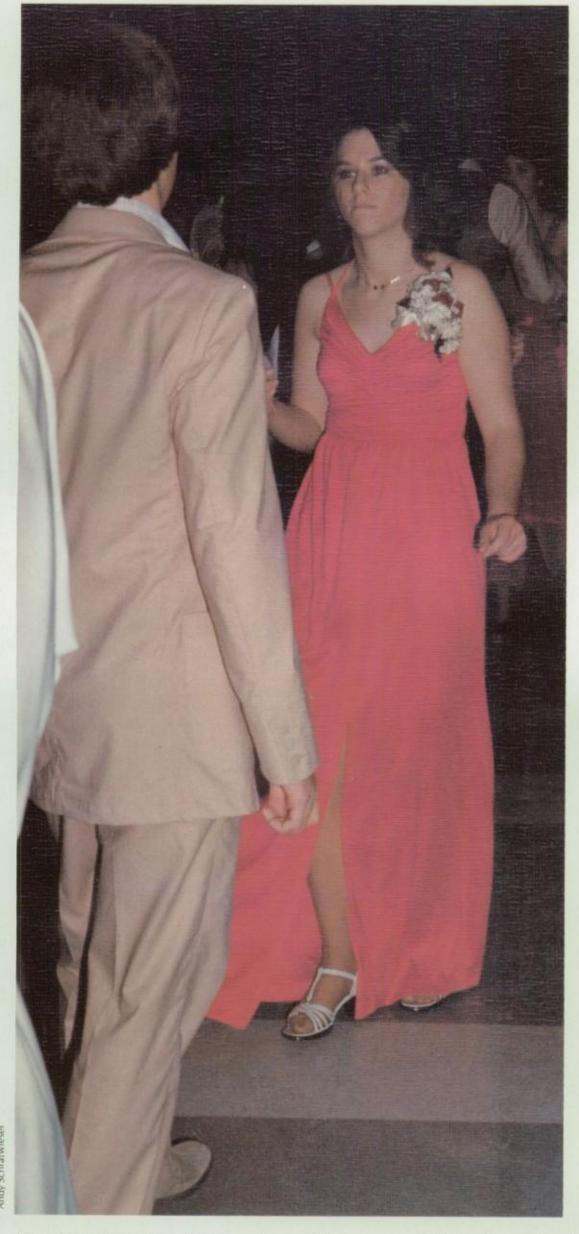

The emphasis on the first activity of Birth Defects Awareness Week was nutrition. Members of Student Council, who sponsored the week, act out a skit about foods. Next to the vegetables are Lisa Acker and Toby Wells, who did not appear in costume.

A dance sponsored by the Future Homemakers of America was the Sweetheart Dance in February. Donna Lane was one of the happy participants.

Couples dance to the music at the FHA dance for sweethearts. This is just one of the three formals at HHS.

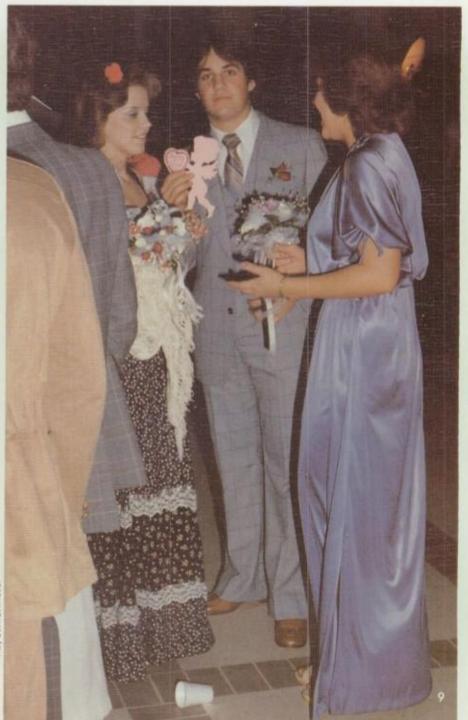

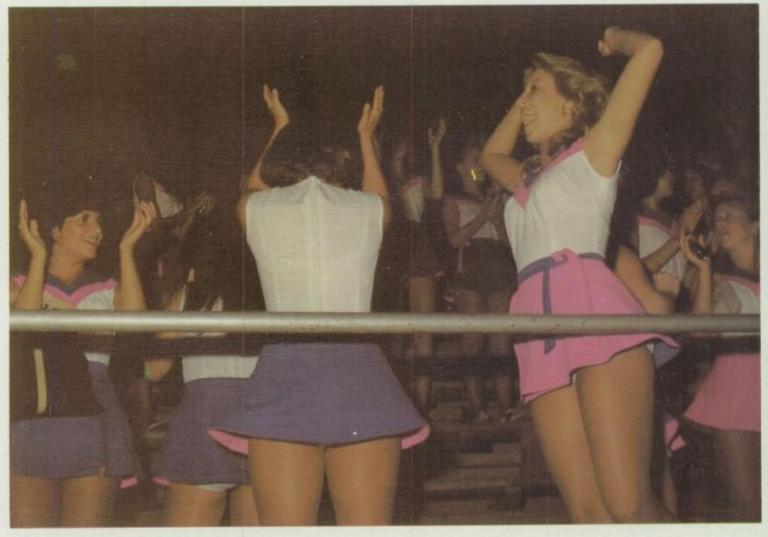

A predominant color at the Sweetheart Dance was red. Not only was the cafeteria, lobby and refreshment table decorated in the color, but many dancers also chose to wear the heart's own tone.

Whether they
hammed it up at
assemblies or
boogied at dances,
faces in the crowd
were on display.

Time during dance intermissions was spent in the lobby. Sandy Williams, Brent Baty and Robyn West talk during a break at the FHA Sweetheart Dance.

**During Homecoming Week the faces in** the crowd came alive. For the HHS clan the October days were a jumble of purple and white crepe paper, cloth, cardboard and ribbon. The wild and spirited atmosphere brought to life the sun-drenched and candle-lit pep rallies and the Wildcat cheers.

After long nights of hard labor the classes and clubs displayed their handiwork on the colorful floats that rumbled down Main Street. The parade and poolside pep rally ended Homecoming pres.

Juniors are "On Top of the World" with their Homecoming float. Overall the class was third in the Spirit Plaque competition for the week.

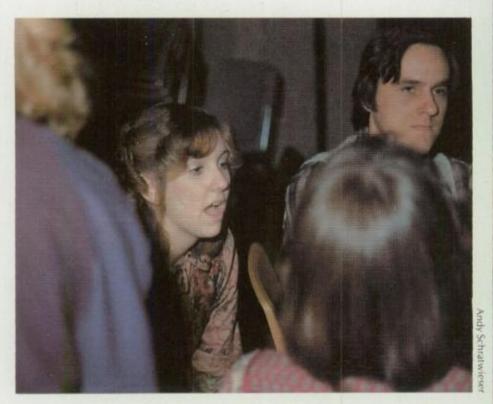

Super Friends dominate the Sophomore float. The class won third place in the parade, but they were the top class for the week and received the Spirit Plaque at Homecoming pregame activities.

Members of the Varsity Football team and boosters sit on the grass or stand at the outdoor pep rally during Homecoming Week. The rally is the finale to the parade which is an annual part of Homecoming.

Waiting for competition results hangs heavy on people at speech tournaments. Marcy McNutt and Coach Larry Ross use the time talking with others.

Spending their time reading between rounds at the Clear Lake Speech Tournament are Novice Debaters Keith McMullin and Chris Murphy.

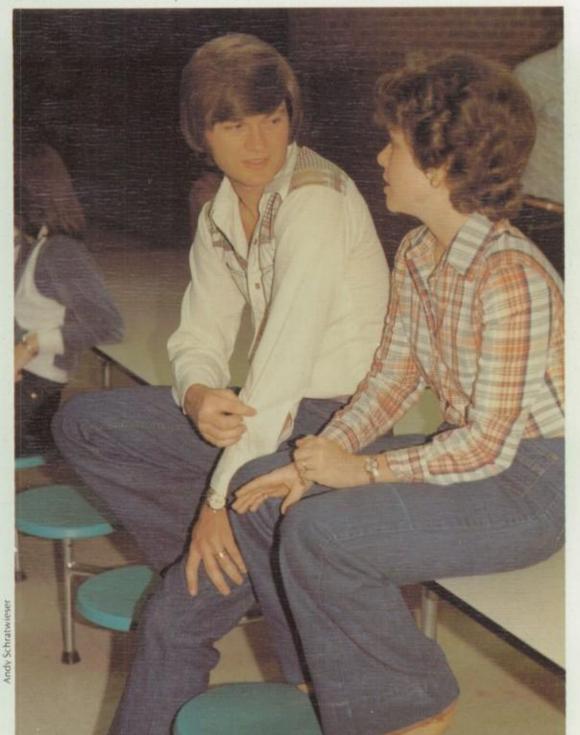

Socializing in the cafeteria during lunch is part of Sherri Glaze's (right) and friends' day.

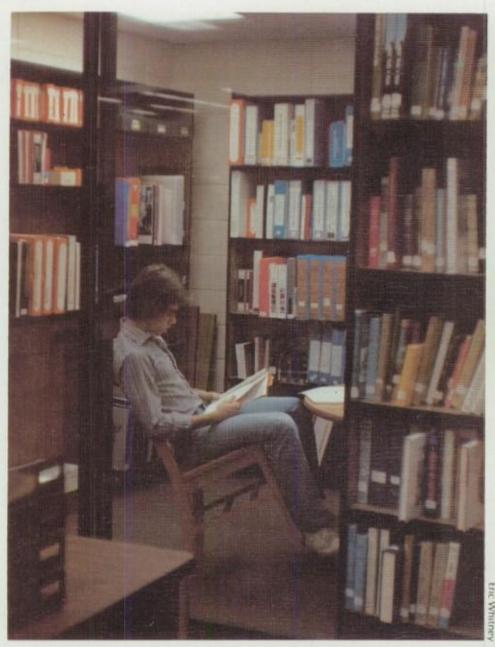

Standing in line is not unusual at Humble. These students want to have their pictures taken with Santa or Mrs. Santa during StuCo's Snowball Mountain week in December.

Faculty members help sponsor parties at HHS. Science instructor Bobby Cronin and his wife Lynn sit it out at the Kicker Dance.

At school or after, the people of HHS plunged into school life with enthusiasm. This attitude carried through Xmas photo sessions, fall speech tournaments, Valentine flower deliveries and spring dances. Students always took time out to munch and socialize at lunch.

Work in the Learning Center is part of academic life at HHS. Steve Mills researches in the magazine area.

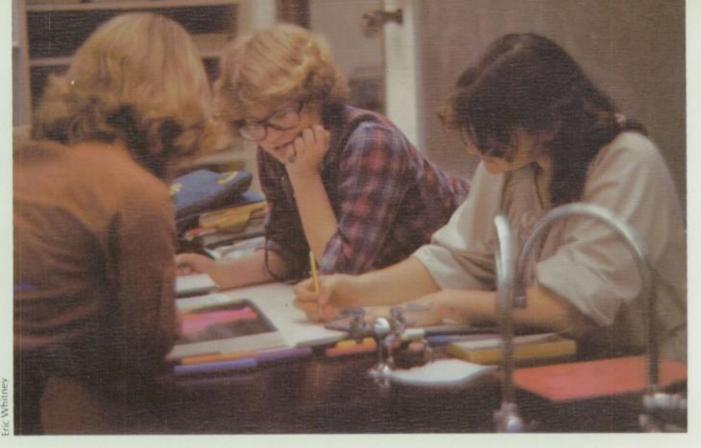

Relaxing during lunch brings some faces into focus. Ginger Brammer and a friend pause for the midday break.

Keli Jones swims the 100-yard Butterfly which she won in a trimeet with Deer Park and Pasadena at Deer Park.

After the awarding of her second place medal in the 50-yard Freestyle, Amy McLeod poses with the other placers. She won First in the 100 Freestyle setting a State record of 52-23 and was the first Humble swimmer to win State.

The first Science Fair led to work by students in many Science classes on the projects. This group works on information for their entries in the local February 15 competition.

Some faces never come out of the crowd completely. But the noontime pause helps bring individuals into partial focus.

A big part of life is competition, but even the faces in the crowd need some time for rest and relaxation. The best time for respite from the day's busy schedule is lunch, and the most popular spots are the boisterous cafeteria and the peaceful learning center. All is not quiet at HHS. Putting Humble on the map during the year were the many doers. Students who wrote, ran, computed, sang, danced, jumped and splashed their ways to fame made being part of HHS a lively and exciting experience.

The faces in the crowd are usually on display. Not content to just study a few hours each day, the more ambitious involve themselves in activities as varied and individual as those who get them started. They swing on bars, interview famous people and tread the boards in dynamic plays. The faces in the crowd are always doing something out of the ordinary. Figures. Life at HHS is always pretty extraordinary, too,

Placing third in All-Around in the match against Alvin was Kris Henriksen. She performs her second place winning bars routine during the competition.

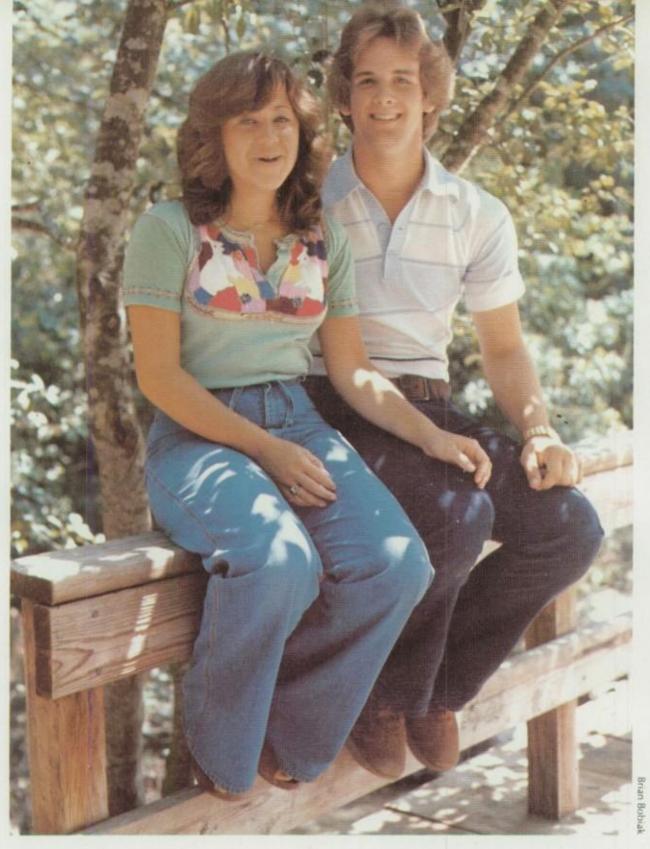

Interviewing is one of the most important tools in newspaper work. *Pride* editor Tim Brookover and Reporter Colette Hutchings were invited to an exclusive session with the designer Willie. He was showing a casual clothes line during one of his trips to Houston from New York.

Chosen by the crowd as the faces that were their favorites were Miss and Mr. **Humble High** and class favorites. On the night of February 15, they stood before the whole.

Shelly May and Marvin Beaty react to the announcement that they are the Senior Class Favorites.

### Mr., Miss Humble High

#### The chosen

Nominated at the same time as the class favorites and candidates for Mr. and Miss Humble High School were the Senior Mosts. Six couples were chosen from the nominees by the class and presented at the Student Council Favorite Presentation the night of February 15.

Nominations by the Seniors were during Government classes or through the Senior principal's office February 2. Final voting was February 12 in the same locations.

The winners were kept secret until the presentation where all nominees were introduced and winners were announced. Winners were determined by the largest numbers of votes.

### Money

"Floyd Burton Week is an all-out community effort," Student Council president Clark Zimmerman said. Lions Club, Humble Middle School, businesses in the area and high school students were some of the contributors to the fund which aids HHS Seniors with college scholarships. Seven received scholarships at graduation.

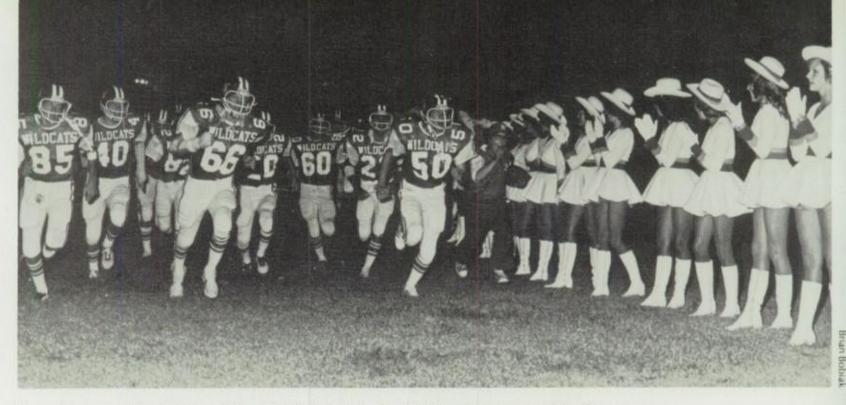

Some of the paid activities for fundraising between April 23-27 were an assembly with entertainers from the student body and faculty, volleyball games between faculty and students and the Battles of the Babies with teachers versus students.

Over 150 players and guests attended the event which honored team members. At the dinner, Varsity lettermen were also announced. "The entire Varsity squad lettered this year: twenty Seniors, fourteen Juniors and two Sophomores," the coach said.

John Hendrex was the only Wildcat player to make the first All-District 16AAAA team. He was honored as a defensive secondary player. Four were named to the second team. ## Eighth season

In their first year of AAAA competition, the Varsity Volleyball team had a disastrous season. Under Coach Kathy Lang in her second head as mentor, the team had 25 matches. The group had a 3-22 season record and were 0-14 in District 16AAAA competition.

Eight girls lettered on the eighth team in the sport which was revived at Humble in 1971-72. Those who earned the honor were Llonda Griffith, Dee Jones, Terri Kinder, Karen McManus, Sherry Morrison, Cindy Treckman, Irene Vallejo and Michelle Whitson.

The only wins, which came in predistrict play, were against New Caney, Waltrip and Mount Carmel. The last two were tournament play and not in dual matches.

Fourth in State was Girls' Water Polo. At the State meet at Clear Lake October 27-28, the Wildcats won all their games except against Alamo Heights, Clear Creek and Clear Lake — the first, second and third teams in Texas. Captain Jane Appleby made second team All-State, and the team had an overall 7-5 season record.

The first four opponents — Katy, Pasadena, Galena Park and Northshore — fell to the girls and the team did not suffer a defeat until they played State-ranked Clear Lake in the opponent's home pool. That loss was followed by a home loss to Katy before the State meet which ended the season.

The overall record for the team, which lettered seven boys and six girls, was thirteen wins, seven losses and one tie. Fourteen of the matches were played on the renovated courts.

"We had a coin toss to decide who would get the first-place trophy and we won," Coach Arnold Brown said. The toss came after Humble beat Northwest Academy 17-1, Strake 7-4 and Crosby 2-1, and Strake downed the Cats 3-13 in the final game.

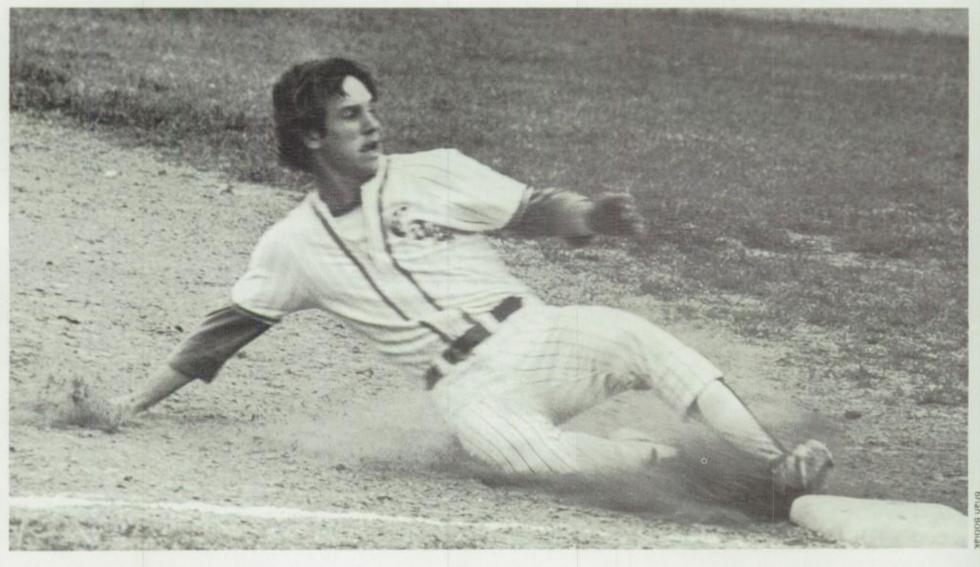

In two other predistrict encounters the team won over both Memorial 9-3 and North Shore 14-3.

## Wall hanging

A mural for the cafeteria and competitions were the yearly projects of Arts and Crafts. The club working through Art classes completed the painting and it was hung in May by Building Trades students. Randy Moore and David Snyder, two club members, designed the mural and Mrs. Barbara Kelmme's classes did the painting.

Auto Mechanics worked on any model of car after opening the shop September 21. Fourteen were in the morning class and thirteen in the afternoon group.

A new voltage and ampere tester which allowed a person to test the starting and charging capacity of an automobile was added to the shop. The machine enabled testing without disconnecting cables and, according to Mr. Kennedy, this saved labor time on jobs.

At the Honor Assembly Mitchell Varley was named Most Mechanically Inclined, Maurice Grant was Most Organized, Dan Boren Most Advancement and Tim Dulany Most Cooperative in the classes.

Working under an auto in the shop is Rusty Tillery who was a member of the afternoon three-hour lecture and shop class. Students work on individual and group projects.

#### Service to school

Monthly projects were the usual thing again for the members of Future Homemakers of America. The group which met on Mondays during the year sold candy, filled Thanksgiving baskets, did a talent show for M. D. Anderson Cancer Institute, participated in the Humble Future Farmers of America Fair with entries in the food, clothing and craft contests, treated the faculty and sports teams members with cookies, traveled to a State convention and sponsored a FHA week during which they communicated with the students, faculty and community on the purposes and other aspects of their organization.

Sherry Morrison was named Outstanding Girl of the

Year at the annual banquet. Monthly the group named the highpoint members as outstanding members of the months. Susan Shorman, Kimberly Vance, Sheri Holloway, Lisa Arnold, Penny Morrison, Kimberly Slate, Paula Duncan, and Amy Kersh were those honored.

Homemaking classes hosted the faculty at a Christmas Tea, worked in a nursery school in the department each quarter, studied all phases of homemaking and worked on projects related to that study. Students spent the first full year in the new facilities which had opened the middle of the preceding school year.

# 1200 plus

Meeting during school and eating out were activities of the Spanish Club. But the main event was the annual Valentine carnation sale.

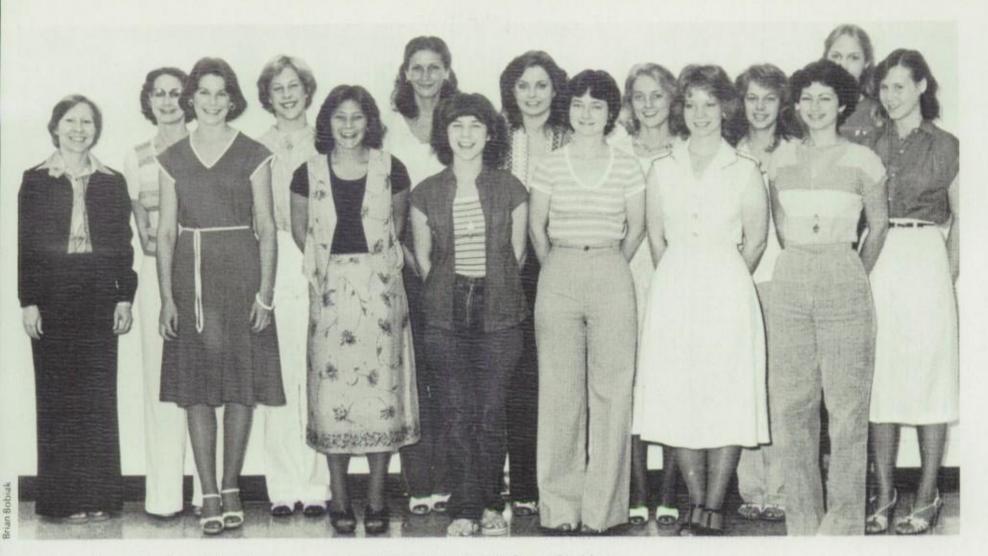

Over 1200 flowers were delivered to students and faculty Valentine's Day and extra blossoms were sold in the cafeteria that day. The deliveries were during the first three periods.

For 75 cents anyone could have a red, pink or indefinite colored flower taken to the person of his choice. The sale was during lunches in front ot the cafeteria the week before February 14. Valentine's Day flowers were 60 cents.

Sales were lower than last year because "a fairly large sum (was) stolen from sales," according to Sponsor Nolan Carter. Spanish students add to and improve their vocabulary using the "finger-snapping" game. Steve Berry, Linda Paar, Tim Keyes, Shane Schefeilds, James Donder and Karl Grant participate in this different type of study.

# Teach day

Nineteen Future Teachers of America assisted teachers at Kingwood Middle School, Humble Middle School, Bear Branch Elementary and Foster Elementary as part of their program.

The "student teachers" met with Foster principal Dorothy Harriman at a potluck supper the week before and the administrator explained what each might expect on the May 1 teaching day. Only members who had earned fifteen points were eligible to assist at the schools.

High school librarian Rebecca Wilson spoke to

One of the varied activities in Physical Education classes is trampolining. Each student gets his turn on the equipment and learns basic techniques and tricks.

In addition to outside activities, PE students participate in the basketball part of the program which also included football, soccer and other team sports.

The first finisher in the first-ever Fun Run was John Benson. The run which the department sponsored was over a three-mile course and its purpose was physical fitness.

# Bike-a-thon, Fun Run

Biking and running outside of classes and choosing activities during classes involved Physical Education students.

Humble High School hosted the "Wheels for Life" Bike-a-thon, sponsored by St. Jude Children's Research Hospital in Houston, May 19. The one-mile course was in front of HHS and Humble Middle School. T-shirts were given for those collecting \$25 or more for their riding and backpacks were awarded for \$75 or more.

First quarter the department had

a Fun Run for physical fitness.
Approximately 45 finished the three-mile race October 27 and John
Benson won the Boys' division,
Sharon Johnson took the Girls, Mrs.
Sandy Rickert led the Female
Teachers' section and Coach Charles
Ralston the Male Teachers.

For the first time PE students chose their activities by quarter. Each teacher taught a different sport or activity and students choosing the teacher's specialty were assigned under that instructor for a quarter.

"We want to set a good example for the school and let the administration know just how much trash is around the school," he commented before the work.

Eighteen members worked on entries in the Texas State Drawing Competition sponsored by Texas A&M University. Work on the mail-in drawings was done before school and during classes.

The first organizational meet for the club was October 2 after school. Dues were \$3 for membership in the Texas Industrial Arts Students Association and \$2 for a local activity fee.

# In top five

At the Junior Historians' State convention the Humble chapter was named one of the top five groups. Judging was based on reports of the club's activities filed with the State office. The local club competed with thirty-nine others.

Five members and Sponsor June Dowdy attended the April 20-21 meet. Those who went — Sheila Conrad, James Donder, Lauren Donder, Tonya Hinojosa and Joy Kueck — were high-point members.

Lauren, president of the club, won third place in the annual essay contest on local history and her article "Humble: Birthplace of Exxon" was published in the March issue of Texas Historian and won her \$25.

With the help of agriculture students, the group worked on cleaning up the artesian well site at North Houston Avenue and FM1960. Several afternoon regular meetings were at the site and working on the improvements was the only business.

At the October 17 weiner roast Sheila Conrad drinks before replenishing her plate. The social was at Sponsor June Dowdy's home.

## 'Turn On'

Lauren Donder was one of four Houston-area Model United Nations delegates on Channel 13's "Turn On" program March 18.

She has served as chief HHS delegate for three years and led Humble's eight member Chinese group while the eight Libyan members were led by Julia Peck. At

the three-day meeting at University of Houston, Joy Kueck and Holly Dickinson served on the Security Council and other students were observers.

Mrs. Linda Jay sponsored the club, which has been in Humble for four years and active in the Houston session for three.

# \$187 profit

National Honor Society worked on bake sales, a new constitution, scholarship competition and a banquet and initiation.

A December baked goods sale earned \$187. Profits went toward paying for the spring banquet.

In February a new constitution was adopted. The change was to update and to add new guidelines for the chapter. To continue as an active group, the local club had to accept and submit the constitution to the national office by March 1.

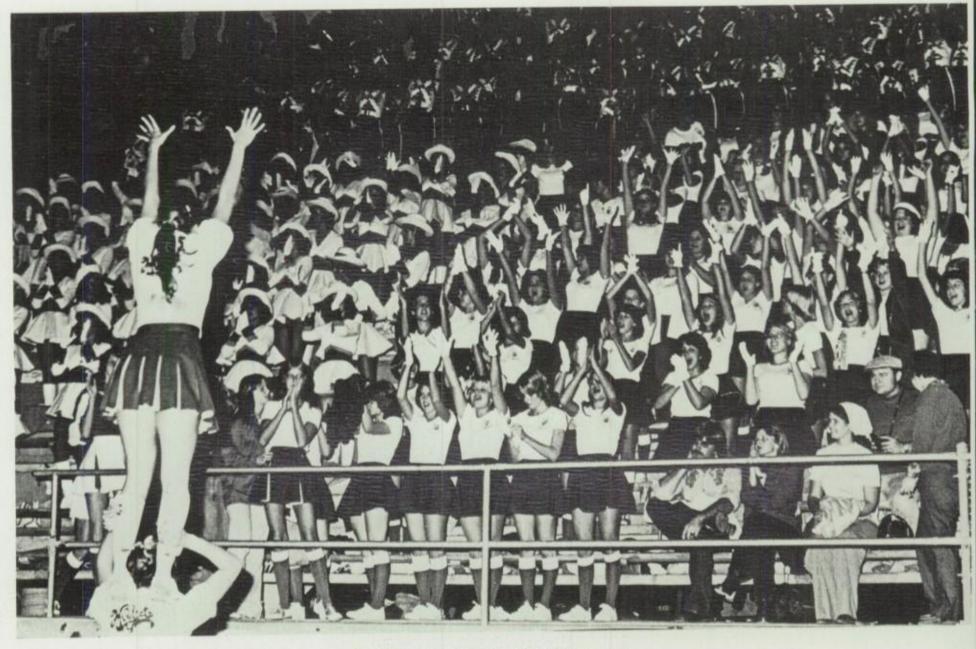

Also in February John Duschatko and Mary Ann Schutte were chosen to compete for the national club's \$1000 scholarship.

Biology teacher Re Kramer spoke and about 80 were initiated after the May 16 banquet. Members paid \$1 for the dinner and guests paid \$8.50.

Standing to cheer at the first away game, pep squad members shout in Delmar Stadium. Waltrip was the second victim of the season that losing to the Cats 15-6.

# Spirit lifting

Boostering the spirit of the school and football team were the major functions of the Pep Squad. Over a hundred girls worked after school in the cafeteria under Sponsors Connie Middleton and Pay Phythian and at members' homes. The groups labored in squads of which there were thirteen to paint hall posters and the weekly large banner through which the football varsity ran prior to each game.

To raise money for material used in their spirit activities, the group members sold football ribbons and stickers. Individuals donated their money and time to make cookies and other items of expression to the team of the school's appreciation and backing each week.

Points in club participation were gained by all, especially those who wished to run for cheerleader or drill team membership. Attendance at varsity games in uniform was part of this participation. Members had game uniforms and game-day dress which they paid for and which demonstrated their membership in the group.

The only organized group for cheering and boostering athletics to which any girl student may belong to the pep squad. The group filled thirteen rows of the section below the Wildcat Marching Band.

# At Foley's

Helping with Foley's Inventory was the fall fundraising project for Vocational Office Education and Office Education Association. Money received went for activities including OEA competition and two banquets.

A fifth place at State OEA was won by Kathy Graham, area finalist in Accounting II. Another area finalist was Melanie O'Neal in Job Interview II. # Quill & Scroll

#### National winner

An annual Journalism banquet, hosted by Quill and Scroll, was the final activity of the group. Five *Purple Pride* and eight *Wildcat '79* staff members were initiated at the dinner which also honored all staff members and three former editors and members from 1976.

In March the international honor group sponsored the annual National Quill & Scroll Current Events Quiz. The local winner from 400 participants with a score of 81 was

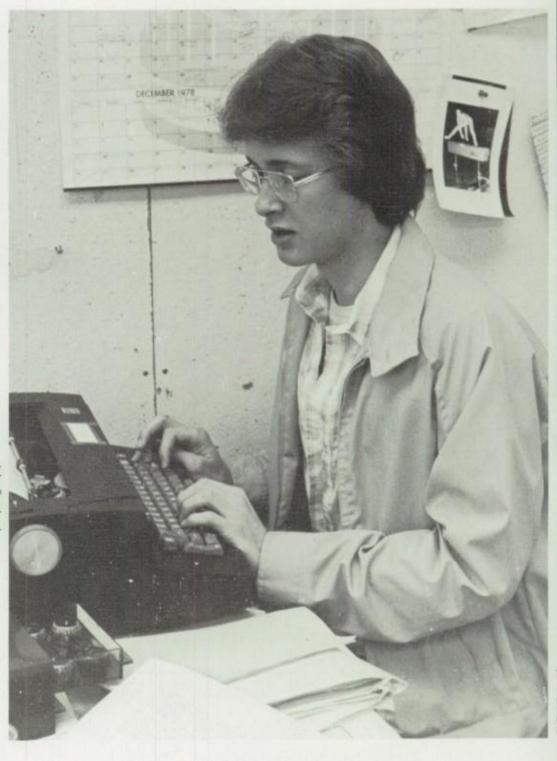

Brian Benson. Brian was one of 46 winners honored nationally with Gold Keys and eligibility for \$500 scholarships.

An informal initiation for first quarter initiates was at Pizza Inn.
November 2, teacher's workday, returning members and nine new ones ate lunch together and President Tim Brookover spoke to the group. The nine and four end-of-year members were formally sworn in at the May 11 dinner.

Awards to each staff member were presented by editors of both the yearbook and the paper at the banquet. Wildcat editor Andy Schratwieser makes his humorous presentations first on the after-dinner program.

Layout for each issue of the *Pride* is done on light boxes by Assistant Editor Tom Hardman. Other members of the staff also performed this activity which makes the newspaper different from the majority of school papers which are sent to commercial printers for layout.

Final typing on the Selectric II is a job shared by staff members. Editor-in-chief Tim Brookover makes corrections before the paper goes to press.

## Publications

Typing is one of the tasks of all staff members. Yearbook copy and newspaper stories are written, setup and finaled on typewriters in room 601. Grace Herzog, Michelle Robberson, Colette Hutchings and Cathy Rhodes work on stories for the *Pride*.

Unknown to most students the 1978 book came to the school covered in leather-like bindings which staff spent a combined 100hour weekend removing. Michelle Whitson cuts away a cover during her five-hour work period on a Friday after school.

# Tops, top ten

A Tops in State or Division for the Purple Pride and being judged in the Top Ten of AAAA for Wildcat '78 served to

highlight the year in publications.

The Pride's first place was in State Interscholastic League Press Conference. This was only the third time since Humble High's opening that the paper has been named tops; the other two were in 1972 and 1976. The same organization judged Wildcat yearbook as one of the Top Ten in AAAA.

Other awards won by the Pride were two national firsts from National and Columbia Scholastic Press Associations and runnerup to champion of class at the Texas High School Press

Rusty Brown took eleventh place in State Sport Photo at THSPA. Tom Hardman, assistant editor of the Pride, won third at District Headline Writing, third in column writing at San Jacinto and eleventh in State News Photo at THSPA. Wildcat '78 editor Mark Isto won first in State Cover Design, and third in State Introductory Section and Theme Development; all were awarded by ILPC. Michelle Robberson won four State honors: first and second in Illustrations at ILPC and second at State Editorial Cartoon and fourth in Small Ad at THSPA. She also was second at San Jacinto in Advertising. Wildcat '79 editor Andy Schratwieser won first in State Faculty/Administration Section, second in Sports Photo and third in Division Pages at State ILPC.

# Recognition, honors

Over 100 students received special recognition at the fifth annual Honors Day Program. The hour assembly was repeated so that all students could attend the Student Council sponsored event.

Elliott Curtis awards went to John Duschatko, Jeff West, Danny Tidwell and David Hayes. Mary Ann Schutte, Marcy McNutt and Mary Schratwieser won Mary Isaacks awards. The award given by class was shared by three Juniors: Becky Danner, Dannette Kelley and Michelle Robberson.

Crickett Watson and Mike Oder were winners of the Justus Smith honors for vocational education students. The outstanding Student Council award — the Essie Briggs Award — was given to Michael Clapp and Kelly Conner. Outstanding Service Awards went to non-StuCo members Brian Bobiak and Kathy Thompson. Also twenty-one Seniors were named to Who's Who in the Senior Class at the assemblies.

Student Council won Outstanding District project with their Birth Defects project under Marcy McNutt. A new activity for the group was the ping-pong tourney during homerooms. Other projects included the March of Dimes Walk-a-thon, Christmas week activities and Floyd Burton Scholarship Week.

To stir up interest in activities for Burton Scholarship Week, Rachel Byrd and Karen Hargarther skate in the cafeteria with sandwich-type signs on.

At each game members of Good Sportsmanship League exchanged presents. Student Council members Karen Hargarther, Dick Francis, Mary Lynch and Toby Wells gave a plant to Klein's representatives before the football game at Klein High School Stadium.

## **Award winners**

Wildcatdets won First places in Jazz and Prop dances at both State competition at Dallas and Regional at Channelview. At both contests they made second on their Highkick efforts.

In an overnight trip the group competed at State Drill Team competition, but the Ensemble competition for State was at Nederland. At this competition three groups won firsts and one got second. The winning ensembles were Kim Hendrickson, Carole Hudgins, Michelle McKenzie and Jayna Meullar; Paula Jones, Laura Lund and Marissa McKinney; Missy York and Tana Younts; and Melissa Cockerham and Roxanne Miller.

Colonel Susan Goll was selected "Miss Drill Team Texas" solo winner and competed representing Texas in the National Drill Team Camp in Los Angeles, California. She was chosen best in Texas from thirty-five girls who were judged on their solos, speech and modeling.

Another outstanding member was Roxanne Miller who was named in the top ten area drill team girls for the Coca Cola All-American Drill Team. She competed in Dayton, Ohio, for the National All-American Drill Team. At Dayton only sixty girls were chosen from 200 entries.

The group attended two camps: Halftime USA and Hemisfair. At the first the group won First Place for outstanding jazz and over thirty individual ribbons. Marissa McKinney was runnerup for Miss Halftime USA and Susan Goll and Julie Montgomery were named to the Outstanding Drill Team.

At Hemisfair in San Antonio the group won the highest award: three superior ribbons for two jazz routines and one highkick dance. Wildcatdets also won a Special Award certificate for best adaptation to their own style.

Wildcatdets entertain at a home game with one of their many high kick dances.

Fifty-one girls were outfitted in the largest group ever in Wildcatdet drill team.

Cheering for Wildcats is one way that the spirited people stood out from the silent crowd.

Just as in most English classes, Mrs. Sandra Rhodes begins the day by listening to the announcements. Also similar to other rooms, she then takes roll; but unlike any other teacher, Mrs. Rhodes then reads the day's menu:

"Hamburg, ferfries, chiferstick, ker pot wi gravy, app crisp, pot sal and Wildcat jello," she ends with a smile. "That's the purple stuff with white fluff on top and a jelly bean."

With smooth literary transition, Mrs. Rhodes moves on to *Beowulf*, *Hamlet*, or another English classic. The class usually ignores her menu-reading — figuring that she is entertaining herself.

Mrs. Rhodes insists, "I call 'em like I see 'em."

### Faculty Faces

Mr. David Barr is known to some people as merely a good social studies teacher. But to those who have met him, Mr. Barr is much more.

Not only does the teacher teach Government; but between grading papers, he finds time to share correspondence with elected officials. The persistent teacher called Texas Governor Bill Clements to comment on teachers' salaries and was continually put on hold. He continued until he reached the governor and was heard. Representatives should be so interested.

Before Mrs. Re Kramer introduced a first-aid program to Humble, most students did not know what Cardio Pulmonary Resuscitation was — let alone how to spell it. Now that Mrs. Kramer has begun the program, most graduates have some experience with emergency situations.

"I introduced the program," the Science instructor

"I introduced the program," the Science instructor adds, "so that some students, at least, will have basic emergency knowledge."

Mrs. Kramer is definitely no stranger to emergency medicine. After graduating from Rice University in Houston, she was board member and is currently an emergency medical technologist for the Kingwood Emergency Medical Services Association.

"I'm just doing my share for the community and I'm enjoying every minute of it," she added.

Mr. Jasper Snellings has been acquainted with HHS more than seven times longer than any student. This mathematics instructor has been in the same high school for thirty years.

In 1948, Mr. Snellings began teaching in Humble and has made many admirers along the way.

Many students have admired his superb tenor voice—a voice that was a ten year tradition at Christmas programs. Other students were amused that during fire drills, the American flag was assuredly carried out of Mr. Snellings' room, and in the mornings "The Star Spangled Banner" was sometimes sung in his classroom. Still other students will remember the chants which echo from his room: "cos cos + sin sin; tan + tan over 1- tan tan!"

The students who have been acquainted with Mr. Snellings feel sorry for those who have missed him. For those who have not met him missed HHS.

Assistant principal Gayle Watkins strides under the visitors' stands before graduation. He helped organize Seniors for their last walk as a group into the limelight.

# Four under Principal

Four assistants worked as grade-level principals under Principal Bruce Smith. Mr. Smith, in his ninth year as head administrator at the school, served as liaison between the district administration and the faculty and student body.

Senior principal was Miss Joyce Long who also had worked in the administration for nine years. She was in charge of attendance and parking. Mr. Gayle Watkins,

Junior principal, supervised textbooks and lockers.
Sophomore principal, who had charge of maintenance, buildings and furniture, was Mr. Russ Porter. Activities director and Freshman principal was Mr. Ron Westerfeld.
All three male assistant principals have served at the school for two years.

#### KHS, votes

Kingwood High School's Phase I, construction in the district and elections were only part of the work which the Humble Independent School District Board of Trustees worked on during the fiscal year 1978-1979.

Completion of the first phase of the Kingwood High complex was projected for September, 1979. Humble ISD board spent time during the year making decisions concerning the school and the two phases of construction. Phase I will consist of 260,000 square feet and will initially house about 900. The first section will have 45 to 48 teaching areas and a miniature auditorium seating 100 for films, lectures and class projects. There will also be a gymnasium, a cafeteria with exits into a commons area, vending machines instead of a snack bar and an open-concept learning center.

Positions 1, 2, and 3 on the board were up for election January 20. Incumbent R. Douglas Leonhard was elected to a second term in Position 1 by a landslide vote of 1272 against three opponents who had 350 between them. In a runoff election Mr. Donald Johnson and Mrs. Julie Redd took Positions 3 and 2. Johnson won with 1133 over John Perdue and Mrs. Redd had 930 over incumbent Louise Panzarella with 892.

Relaxing for a moment in front of the district administration building is Mr. Arthur I. Tipton, the assistant superintendent and business manager.

# Relating

Time doing things related and not related to their teaching occupied staff members. Some of the time was spent helping students with fundraising and some was used to arrange teaching helps and devices.

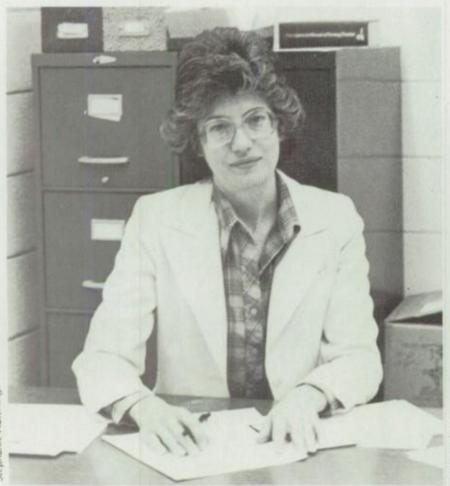

Golf coach Mickey Daugherty takes time from Physical Education to complete in tricycle races during Floyd Burton Scholarship Week. Mrs. Elaine Prarat leaves the Audio-Visual office with a film projector that she uses to show films to her Vocational Office Education pre-lab classes.

#### Service

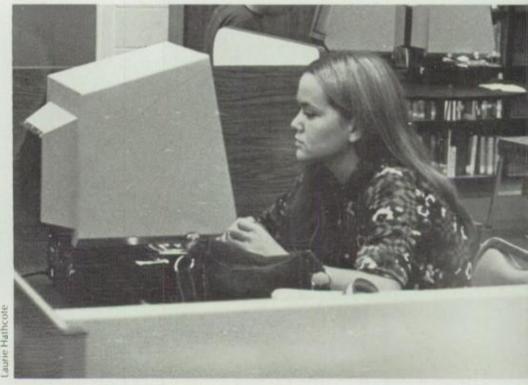

Alan Catterson works on his pre-enrollment for the next year with Head Counselor Ann Nimitz. Scheduling for all students took place during the spring.

Nursing service was available to students and teachers in the clinic which Mrs. Sue Taylor supervises. Mrs. Taylor checks records of visits to the clinic daily.

Use of the microfische in the learning center aids Sherry Salsbury in part of her research for a class.

## Direct, indirect

Services took different shapes; some were direct and individualized and others were indirect or group functions.

A counselors' office, the clinic and the learning center were areas in which people received direct, individualized services. Five counselors — a head one and four gradelevel workers — made up the group which worked with a registrar and an adult aide in the 200 hall office. The learning center worked under two librarians and two adult aides. Part of the center's service was provided by an audio-visual area in the main hall. The clinic opposite the

AV office was handled by a nurse and an adult aide. These areas of personalized services were opened before, during and immediately after school on class days.

Indirect or group services were done by the food services and the custodial and maintenance services. Food was dispensed in the cafeteria and in the snack bar. Both were open for the four grade-level lunches; the snack bar served some items before school. Custodial work was done by shifts; from before students came until after midnight. Maintenance was done by a single worker who was aided at times by men from the district office.

The cafeteria served to three lines in which different choices were available. One line was the lunch with a sandwich as the entree, the second was a plate lunch service and the last was an a la carte serving area.

Attendance aides work each period to mark the many absences. Laurelee Ellefson and Kathy Ireland work on first-period rolls.

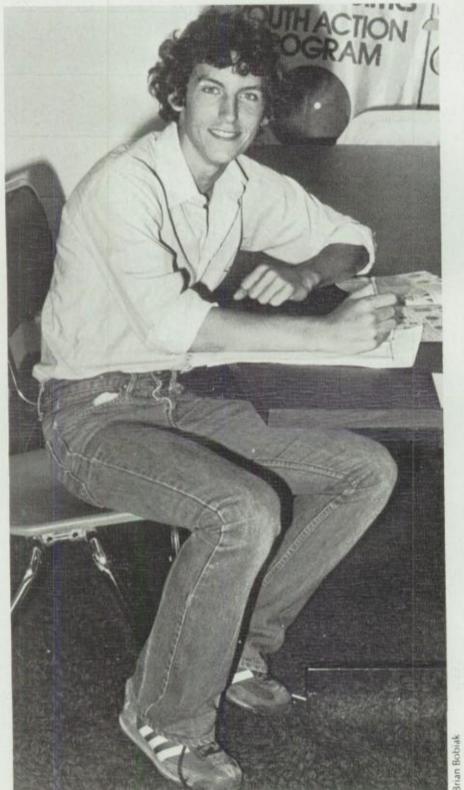

Less than a year ago, upon the advice of their uncle, a frightened Iranian family settled in the Humble area.

"We came here," Lisa Aidun said, "because they were having riots and a lot of killing in Iran."

Lisa was forced to make a radical change in her life due to the family's move. "Our high school over there had 70 students all together — from grades 7-12. It was so small that our school was actually a rented house, but here the school is gigantic!"

"I plan to stay in this area for a few years so that I can be an actress. You may think that I'm being selfish," she

admits, "but I want to be famous."

Serving as Freshman class representative, Robby Ellette felt that he could do more for his class if he were in a higher Student Council position. With these feelings, Robby decided to run for StuCo vice president, knowing that he had a slim chance for victory.

In a Cinderella-type tale, Robby stunned his opponents and himself by winning with a margin of votes. Surprisingly, almost as quickly as Robby was declared victorious, he was found to be ineligible.

It seemed that someone forgot to check Robby's grade point average; but after checking his grades, they were found to be slightly too low.

Even the fact that Robby was not allowed to be vice president did not deter his spirit. The young politician had cleverly also run as Sophomore class representative and won.

For this time, at least, the glass slipper did not fit. As Robby aptly put it, "Maybe next year."

"Acting was introduced to me when I was in the fifth grade," Mary Schratwieser said. "I was star-struck by a musical that I saw."

This humble introduction into the world of acting has led Mary to the glories of the stage. The young actress acted and lettered in drama and has appeared in three Humble Youth Theatre productions: The Water Engine, The Man Who Came To Dinner and Heaven Can Wait. Mary also acted in Humble's University Interscholastic League's One Act Play contest entry.

"Things went really well for me this year," she added, "It's really neat to act on stage. It's just fantastic."

#### Freshman Faces

"I'm not really sure why I like to work so hard at my music," confessed the very talented Danna Smith.

Danna's labors are, however, paying off. Giving up her summers in order to attend the National Music Camp at Interloch, Michigan, the young musician has gained much needed experience.

Welcomed awards, as well as precious practice, have been bestowed upon Danna for her ardent labor. The musician has been named to the Region and Area Orchestras, as well as the All-State Symphony Orchestra. She also occupied first chair in the District band.

Danna's musical work does not stop at school. She has been the principal oboist in the Houston Youth Symphony for one and a half years.

"I really like winning and I have finally found something that I can win with," Danna happily added.

# Squeeze time

A highlight of the day for all students was 10:30-11:00 a.m. lunch break. It was a time to squeeze into the cafeteria or snack bar and try to get something to eat during the hectic thirty minutes. Fighting each ninth grader for space were all the other over 600 classmates who also wanted to eat and to talk to one another. To beat the traffic, some brought their lunches and others had only cold drinks, ice cream and snacks.

With such a crush inside, the noise level was extremely high. Some sought the space between the main building and the annex as a refuge. Of course, when the rains came the area flooded and everyone was forced back into the main building.

# Cards, Yahtzee

Doing research in the learning center was just part of classes at HHS. In order to use the library, students could go with their classes, during classes with a hall pass or during homeroom with a special yellow research pass. Anita Donnell uses the card catalog in her search for material for a class project.

Another homeroom activity for some students was staying in homeroom. Some study. These students in Mr. Lynn Stroud's room play Yahtzee. Rusty Moon, D'Ann Neighbors, Karen Moody and Kelly Nelson try their luck at the game.

"My mother says I was born dancing. It is in my blood," said Nikki Melendez.

"When I was two years old, I won a twist contest held at a drive-in. It was an endurance contest and I lasted longest," explained Nikki.

That is how Nikki began dancing, now something that comes as habit to him. "My family seems to be proud of my dancing — except when I dance at the grocery store while we are shopping."

Along with dancing, Nikki has established himself on the track team. While the Sophomore lettered on the Varsity team, he was third place finisher in the District 16AAAA Mile.

Nikki said he took Track in order to "run and keep myself in shape. Running gives me the wind and endurance for dancing while dancing keeps me limber for running. I really enjoy both of them."

"I love dancing. If no one likes it because I dance, it doesn't matter. It is part of me and I try to be myself at all times — not what other people want me to be. I don't expect them to be any different than they are either. I just like being me."

Danny Tidwell stands tall among his fellow classmates. Not only does Danny physically carry more height than his peers, he also carries the title of District slide rule champion.

In his Freshman year, the young mathematician was first in District 10AAA slide rule, fourth in Regional and alternate to State competition.

Danny's Sophomore year saw him again deemed first in District slide rule. His second District championship came harder for Danny since it was in the tougher 16AAAA division.

Proving that he was not all slide rule, Danny was honored with the Elliott Curtis Award. Given to one boy on each grade level by the faculty, this award means that the student is outstanding in character, service, leadership and citizenship.

"CVAE (Coordinated Vocational Academic Education) has given me the chance to meet a lot of really nice people while learning how to use tools," said Bobby Lemons.

Learning that patience, as well as tools, are required in the woodworking trade, Bobby spent four months restoring an antique ice box. The young carpenter acquired an old ice box from his grandmother and began the process of restoration.

Following four months of sanding, painting and varnishing, Bobby's labor finally paid off. His project was entered in CVAE Woodworking Regional contest at Spring High School and Bobby came away with a first place ribbon. The project later placed third at State contest in Galveston.

CVAE, as well as his awards, have given Bobby the dream of being "the boss of a major construction company" and the confidence to achieve it.

Humble not usually thought of as a "dream-cometrue" city is seen just that way by Elaine Mateo.

"It had always been a fantasy of mine to take French," said the San Juan, Puerto Rico native, "and moving to the United States gave me that opportunity."

In only two short years in the French language, Elaine has been chosen twice for Who's Who in Foreign Languages in Texas and Oklahoma and has received two "H" awards. She also won third place at the Stephen F. Austin Foreign Language Festival and fifth in the Houston Baptist University French National contest making her eligible for Regional competition.

"As far as foreign languages go, I plan to further my education in Spanish and French while in college. I hope to be a doctor; and since I will be working with a lot of different people, I will use my languages."

Perhaps Elaine will be the first Humble-produced doctor capable of giving a diagnosis in three languages.

Students had the choice of attending the pep rallies during football season or going to study hall in the snack bar. The over 2500 students and 180 adults could not fit in the gym at one time so each class was cut short five minutes and the rallies were at 2 p.m. so those with transportation could leave.

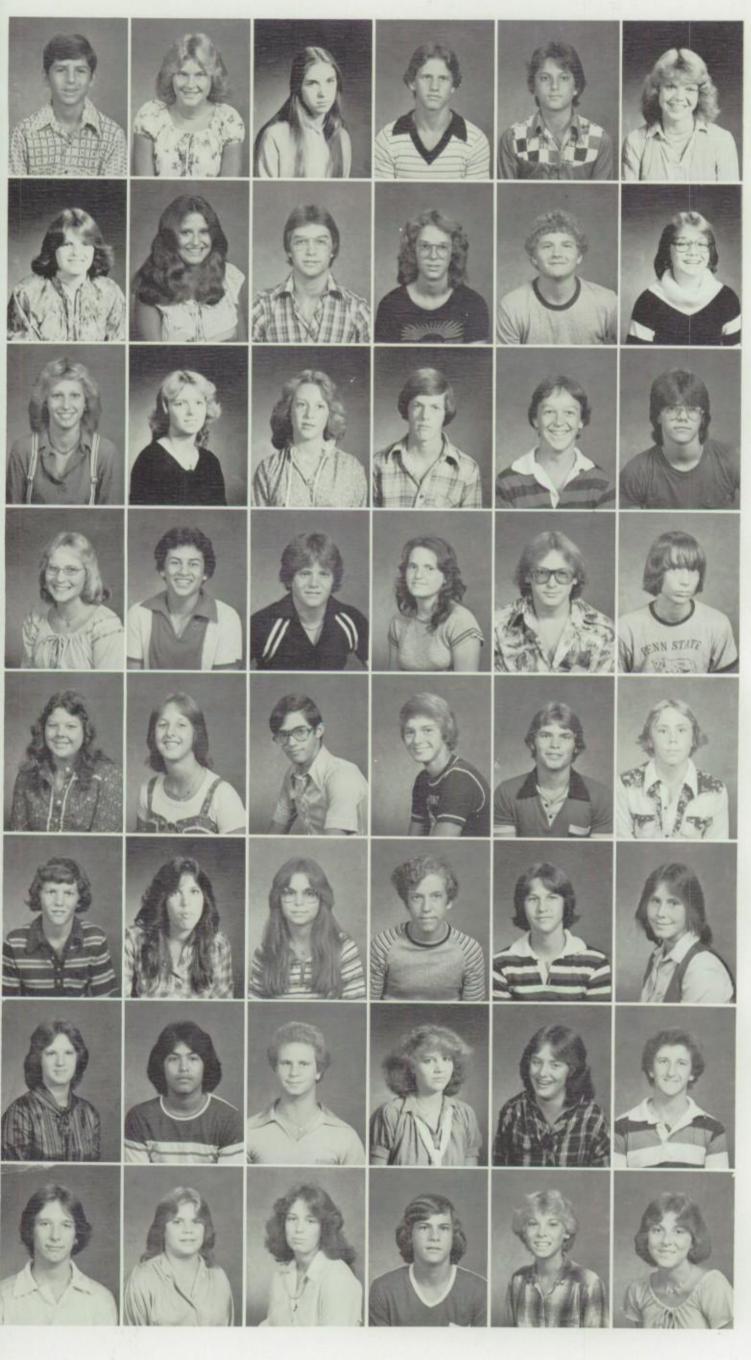

Class competition for the coveted spirit stick was not continued this year and a greater emphasis was placed on Wildcat spirit. Student made shakers, hats, signs and other spirit items each week for the rallies. Wendy Terpstra, Ruth Goodwin and Mary Martin were noise makers in the Sophomore section of the gym. ### We're number one

Officers worked to organize the class for numerous activities: floats for the Homecoming and Rodeo parades, for decorating the north part of the cafeteria during Homecoming, for poster and chain-making parties during the year and for the Sophomore class party.

"We're Number One" was the class cry during Homecoming and especially during pregame activities at Homecoming when President Bill Brooks accepted the Spirit Plaque for the class as top spirit-point makers.

Elected to lead the class were (front row) Historians Robin Sydow and Gia Surla, (back row) Treasurer Stan Cron, Vice president Terry Barrett, Secretary Kim Swain, Bill.

# Looped chains

One activity of each class during Homecoming was the construction of spirit chains. For three days students raced to complete the extensive chains. Groups could begin work on the chains Monday of Homecoming Week and the completed looped paper decorations had to be stretched lengthwise on the football field by Wednesday night at the Candlelight Pep Rally.

Members of the classes met at students' homes before the night rally to finish the chains. Numerous announcements of the locations of such "chain" parties were made daily during the week. Drill teamer Roxanne Miller, Cheerleader Gia Surla, Wade Barfield, Robby Phillips and John Freeman complete the chain before the rally.

## Night for spirit

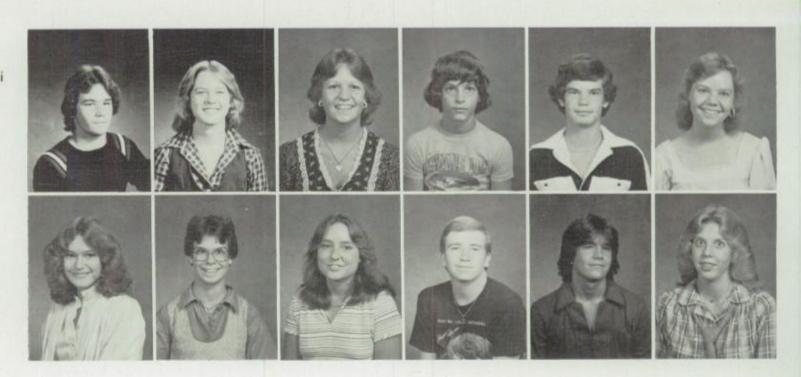

Night parties for making posters, chain links for the spirit chains and the ornaments for the Homecoming parade and Rodeo parade floats were at various homes during the year. Besides creating decorations, students often snacked, swam and

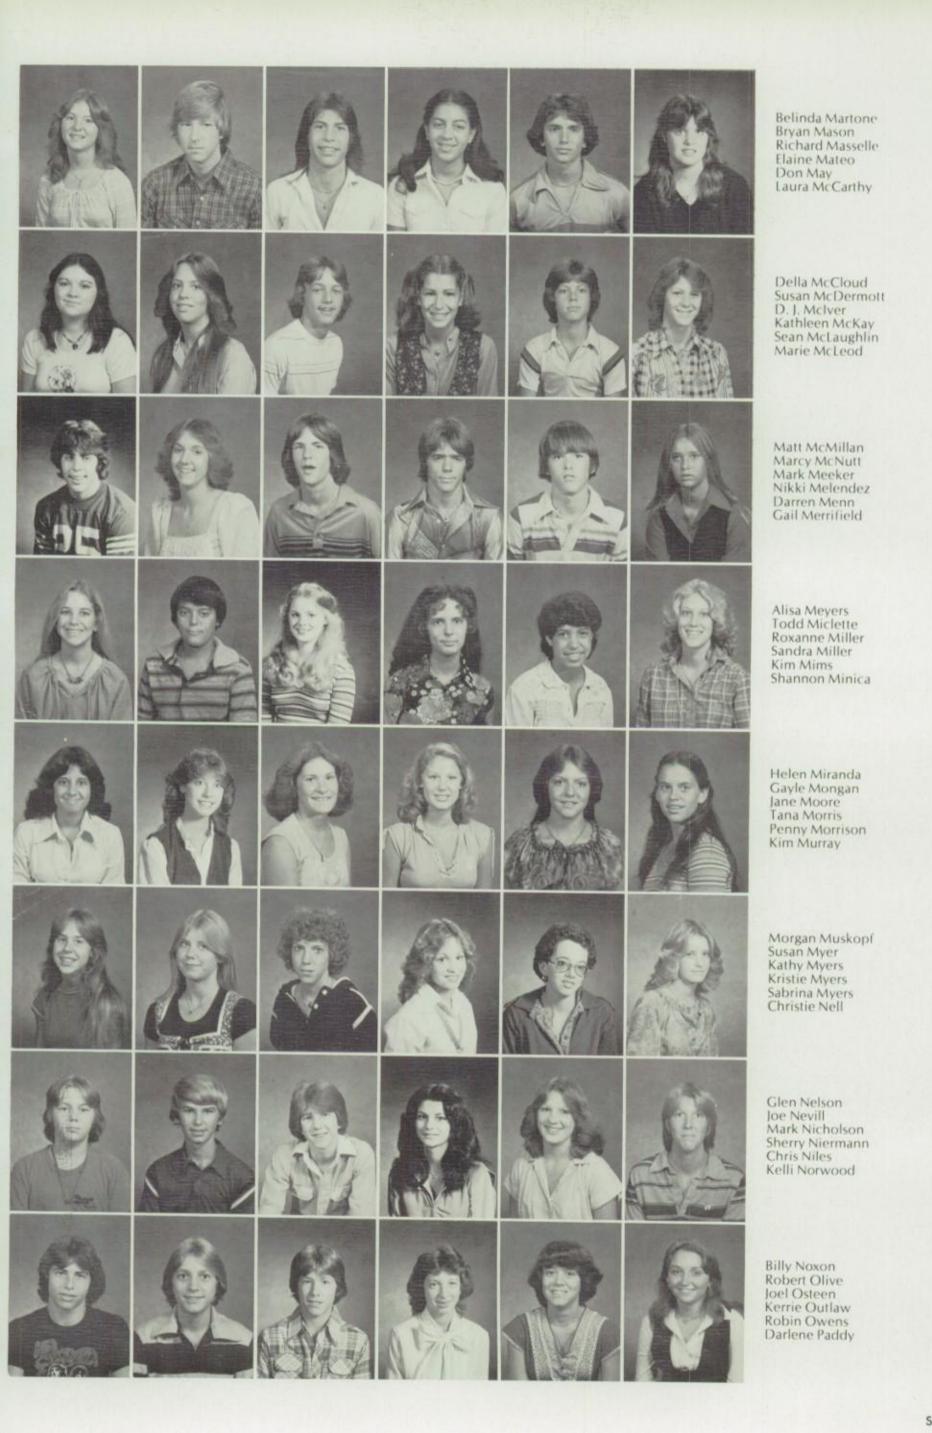

played. These late-night sessions were usually best described as organized confusion — the workers always ended up getting more glitter, paint and paste on their bodies.

Tody Wells' home in Belleau Woods East was the location of an all-night session the Friday before Homecoming hall decorating. Jon McIntire constructs single links as Melinda Haley cuts paper for the spirit chain. Joining the links into a piece of the finished chain is Brenda Cunningham.

Two tests were given to Sophomores before Christmas vacation: the Armed Services Vocational Aptitude Battery in

October and the Kuder General Interest Survey in December. Results of both were given to 674 who took the ASVAB and the 647

#### \$50 fee to drive

Students, the majority of whom were Sophomores, paid \$50 to Region 4 to take Driver's Education. The school provided the space for the portable simulators and media instructional units and the region supplied teachers, units and autos.

A written examination was administered by the Texas Department of Public Safety to all students in Driver's Education. Students who passed their exams could then drive under an instructor's supervision as practice for their final driving tests. Luke Franey takes forty winks after completing his written examination and as he waits to take his eye exam. Joe Gurka considers one fo the questions on his test.

Locker dilemma

Decisions were a part of each student's life at HHS — from the early morning choice of clothing and breakfast or the lack of it to what materials to take to each class and home in the afternoon.

At an annex locker Melissa Schneider tries to solve the earthshaking dilemma of which books to lug to her next class.

Seventh grade was the beginning of a long, sweaty, painful love for Karl Grant. "It's a lot of fun," is his only reason for living with the agony of his obsession.

"I wasn't influenced by any idol or anything like that. I just enjoy it; so much so that even the possibility of being injured doesn't matter."

Karl's love for football is not a lonely trek. Karl explains that "all my friends, most of whom are on the football team with me, agree that football is fun and my parents like the idea of me being in sports."

All love affairs should be so perfectly made.

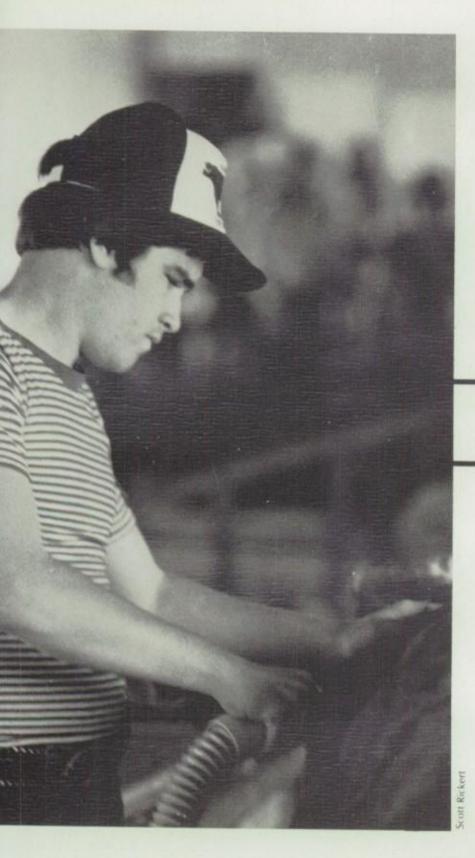

Tammy Osteen has been named Freshman, Sophomore and Junior Class favorite, as well as being Freshman and Sophomore Homecoming Queen. She was a Freshman cheerleader and was elected to the Varsity cheerers for three years.

Shunning the expected "greater-than-thou" attitude Tammy said, "I appreciate any honors that I received; but I know that there are lots of deserving people at HHS, and I'm always glad to see these students receive honors."

"After graduating from Humble, I plan to go to Oral Roberts University in Tulsa, Oklahoma. I will always remember the fine people I have met at Humble. I'm glad to be involved with them," she smiled.

Apparently just another "aggie" walking through the hallway, Reid Jinks leaves one with the vision of a leather belt with R-E-I-D hand tooled on the back and a pair of dusty boots on his feet. Yet, there seems to be more to this young man.

There is something about Reid that makes one wish to meet him. Perhaps it is his intense knowledge of animal husbandry — a knowledge that has brought him numerous awards. Reid has received Third Place for his Angus Heifer at the Harris County Fair and was Reserve Champion with his Simmental cross-breed calf.

Possibly Reid's magnetism arises from something else — maybe it is the record-breaking \$9,500 price he received for his Humble Fair and Rodeo Grand Champion Steer.

#### **Junior Faces**

Belonging to one of the minority sports in high school can be quite disheartening. In order to stand out in school, one must have a lot of talent and a healthy amount of intestinal fortitude. Karen King is just such a person.

Gymnastics, one of the most difficult and underrated sports, is Karen's field of expertise. Working in the shadows of football, basketball and baseball, Karen's talent not only asks, but demands attention.

Even after seeing that gymnastics was not an overly glamorous sport, Karen chose to try the activity. As soon as Karen hit the mats, she began to excel.

In the wake of Olympic greats, Karen is still capable of captivating her audiences. Karen sees to it that once someone has finished watching her perform, that person will not soon forget what gymnastics is about. Karen was awarded Best Performer in only her second year on high school gymnastics.

#### Junior Wildcats on top in parade

On way to get Homecoming Spirit points was by placing in the Homecoming float competition. Juniors won this event with the entry entitled "Wildcats on top of the world."

Humble Area Chamber of Commerce sponsored the Humble Homecoming parade. Each organization in school, including the four classes, could have entries in the event. Judges chose the top club and class floats to receive the most spirit points towards their week's total. The floats were assembled the nights before the parade and some were frantically finished as they stood in line for the march to begin.

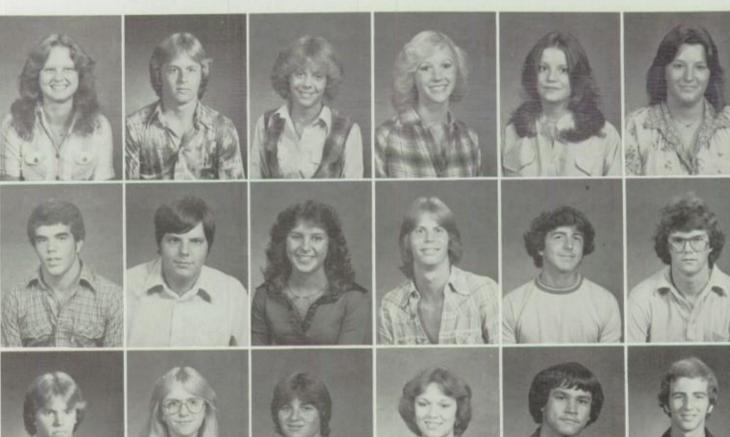

In the parade, which traveled from the Township Shopping Center to the Humble City Park, the winning float preceded the Senior item. Jeff Hendrex, Bobby Terry, Robyn West and Kay Kotch were some of the participants on the Class of '80 vehicle.

College Night and Happening IV were two nights in October when parents came to school. College Night was October 9 and the happening was October 30.

"Grammar Rock" is performed by Junior English students Linda Paar, Lisa Curtis and Tim Keyes at the happening.

#### Petitions, speeches

August 30 the Student Council put out a notice that students interested in being class officers could sign up in front of the cafeteria that week. Petitions for office had to be signed by ten percent of the class so Juniors had to have at least 62

names on each form.

Campaign speeches were given the next week and the student body elected leaders in homerooms. Rhonda Koshnick, left, was not an elected officer but she served as vice president during Toni Swain's

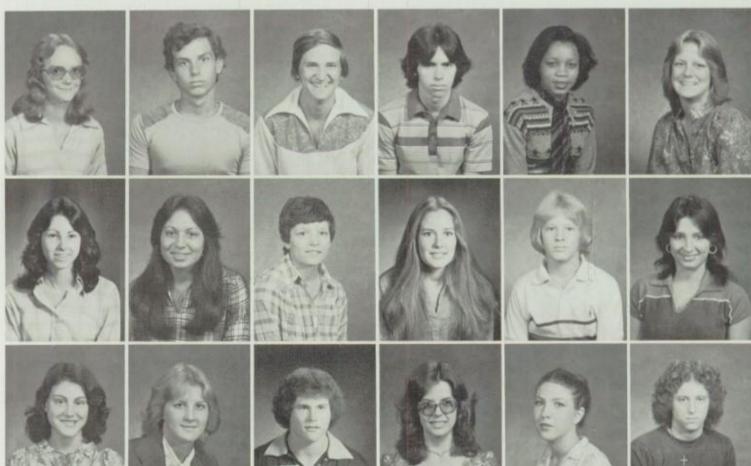

extended absence from school. Elected officers were (second from left) Treasurer Robyn West, Secretary Danette Kelley, Toni, President Darden Smith and Historian Kim Abshire.

## Movements to improve

A Math assessment test was given to all Juniors April 19. The students went to the auditorium to take the examination which, according to Math department head Jasper Snellings, was a "movement to improve the quality of students and their math knowledge" and to raise standards for students graduating from HHS.

The following day computerselected Juniors took a consumer education test. Although these tests were not entered in the students' school records, the scores, along with those from other schools across the state, were used by the Texas Education Agency to evaluate education in the schools.

Sean Porter works away as Scott Nielsen pauses during the Math assessment examination.

Viki Parrish, one of the vocal and emotional leaders of choir, leaves Humble with numerous awards and many friends.

"I really have enjoyed Humble and the people here," the singer says, "it's really a very nice place."

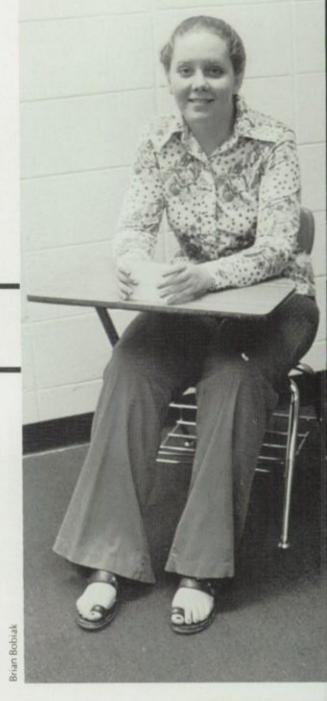

While she sang with the Choir, Viki was named to the All-region, All-area and All-state choirs. She also played Golde in the musical "Fiddler On The Roof." Viki also received the National Choral Award, that is awarded to one outstanding Senior member each year.

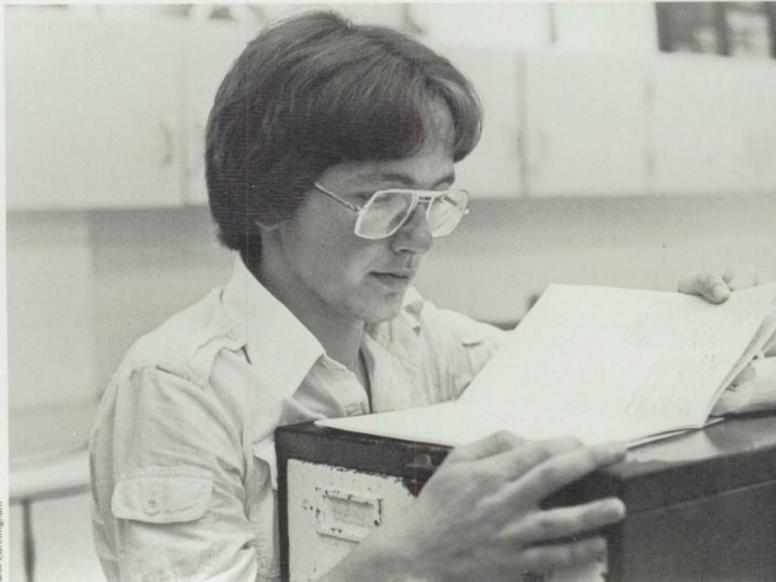

#### Senior Faces

"I'm basically a shy person," admits Tom Hardman, "but when I am writing or doing a stage show, I have a certain amount of seclusion from the audience and I can be myself without caring what happens."

Tom certainly gets enough practice. He has written for National Lampoon, Rolling Stone and most of the local newspapers — he also does comedy routines at area nightclubs.

I suppose that making people smile is why I do comedy,"
Tom mused. "I really don't know that I was meant for anything else — I mean, look at this face. It was either comedy or cosmetic surgery."

"Art comes easy for me," explained David Snyder, "I have been able to draw since I was very young. I suppose I was around ten years old when you could tell what I was trying to do."

David's numerous awards attest that many people are beginning to see what he is trying to create. In two years, the young artist has received four national and four local gold keys for scholastic art. At the Houston Livestock and Rodeo Art Show, David has won the Tools of Trade, Grand Prix and Best of Show awards. He also was first at the Stephen F. Austin University French Festival for poster art.

"It's all just a lot of fun," David insists.

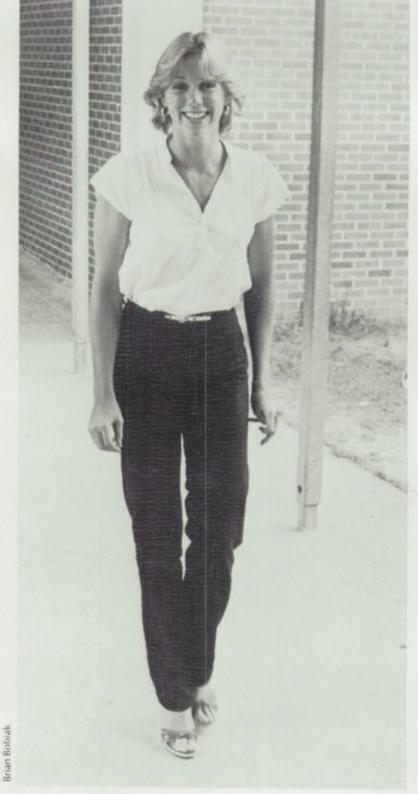

In the eighth grade, at the advice of her doctor so that she could build up her dislocated knees, Mary Tipton began a swimming career that would bring her many medals and numerous titles.

Few would have imagined how much Mary would achieve in four short years of swimming. In her Freshman year at Miami, she was deemed Most Improved Swimmer. At Humble, Mary's Sophomore year saw her named Most Valuable Player as well as being chosen for the All-county team and the All-state squad.

The amateur Athletic Union named Mary Most Improved Swimmer in 1976 which led to her competing in the Junior National Olympics in San Francisco.

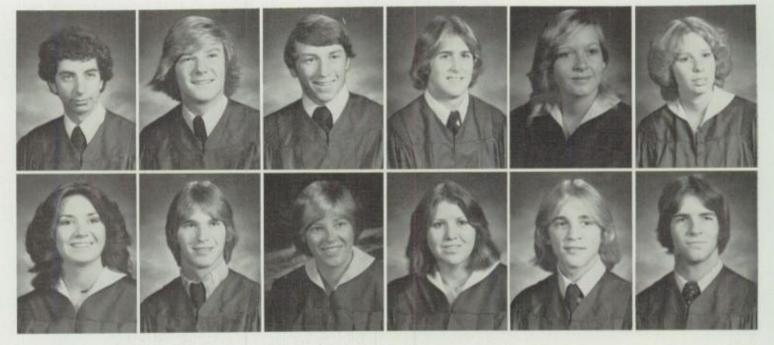

As a Senior, Mary qualified for the National AAU swimming competition in the 100 and 200 Meter Freestyle contests.

"Hopefully, the most important achievements in my swimming career haven't come yet," Mary said. "I work very hard at what I do, I don't have much of a social life. I figure that I only have about four more years of swimming before I'll be done. I might as well do the best I can until I'm done — I'll still be young after college!"

## Fall, spring jobs

Working with class sponsors and Senior principal Joyce Long, the class officers worked on activities for the graduating group of approximately 540.

Homecoming and the Senior Banquet were the two main events which the leaders and their classmates put their interest in. Seniors went to Miss Long's office for information and items like banquet tickets. Officers elected September 7 gathered later in their grade-level principal's office for their official picture: Secretary Michelle Foley, vice president Shelley May, Historian Mary Lynch and Treasurer Kathy Peet surround President Marvin Beaty.

# Signs of spirit

Because of early release, the majority of the Senior class could not attend Football pep rallies which were all after lunch except one. The class occupied the northwest corner of the main building gym, the usual spot for Seniors.

Signs, hats, hand poster, balloons, shakers and other spirit materials made their way into Senior hands and onto the walls and floors of the area. ### Banquet first

Pre-graduation activities for Seniors began with the Senior Banquet. Purchase of tickets for the annual dinner were limited by time. All purchases had to be made by April 6 initially: After that date, Senior principal Joyce Long allowed an extension of the time so that more could attend the May 18 event.

Entertainment at the banquet was organized by the officers and sponsors. Only seniors and faculty could attend; no outside dates were allowed. Following the meal, the program, which included the class song, poem, will, prophecy and history, was performed.

The next event for the class was the Senior Breakfast. The May 25 meal was a freebie for the students. It was at First Baptist Church in Humble and sponsored and prepared by some of the Seniors' parents. The meal which started at 7:30 a.m. was made from food either donated or paid for by area merchants. After the breakfast the class went to the school where they practiced at 9 for commencement.

Twelve members of the class sponsored a picnic at River Grove Park in Kingwood after practice. Tickets for the all-Senior activity were \$5 and were purchased in advance from the organizers.

One practice was an early-morning one after the class breakfast. The class practiced in the auditorium and at the stadium.

Greg Seams and other Seniors eat at the class breakfast at the First Baptist Church in Humble. A group of parents organized the meal.

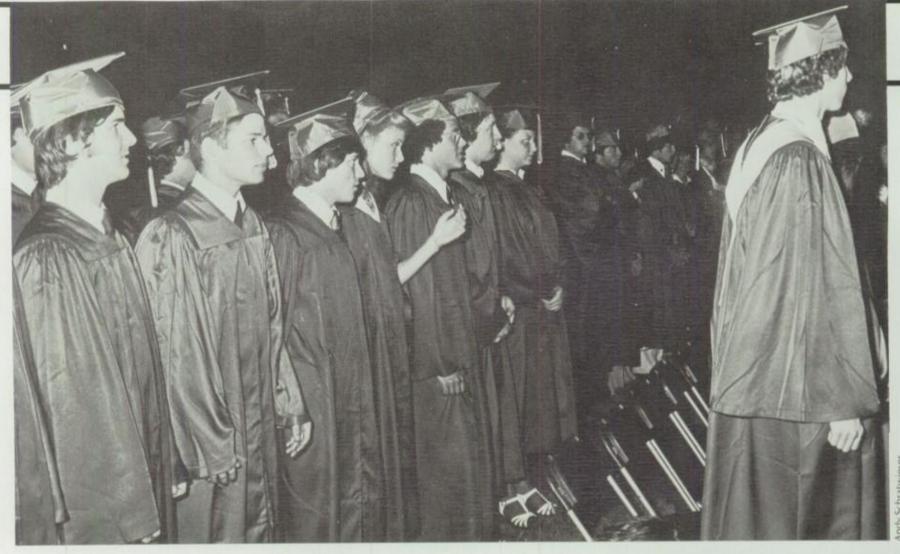

## Pre-Graduation Events

At the Senior Banquet John Jordan, Brian Lightbody and Bill Wall talk with another class member before the meal begins.

Nancy Peterman, Lee Ann Evans, Brenda Whitehead and Debbie Solga sit together at the Senior Banquet. Each Senior paid for his meal to this one-time affair at which the class will, history and prophecy were read.

Heidi Isto, *below*, gladly completes her walk across for recognition as a graduate of the Class of '79 during the exercises.

Karen LaBua watches for her turn to file in front of a capacity home crowd during an extremely windy ceremony.

### Downpour

Graduates' friends and relatives, making up a standing-room-only crowd, weathered out strong winds and rains that plagued the May 28 commencement exercises in Wildcat Stadium. Over 450 Seniors were graduated.

The processional, performed by the high school band, Mary Ann Schutte's invocation and the Pledge of Allegiance from Kathy Peet began the exercises without weather interruption. John Duschatko followed with the Salutatorian address on "The Thinking Man."

Floyd Burton Scholarship winners were Tim Brookover, Karla Childress, Karen Hargarther, Jerry Hunter, Mary Kelley, Julie Peck and Chris Taylor. Brenda Whitehead was the Douglas Bass scholarship recipient while Lori Dalrymple and Juanita Perkins captured Rotary Vocational awards. Other scholarships to class members were mentioned.

Garth Clark's Valedictory was cut short as wind and rain increased. Benediction and recessional were forgotten as graduates fled the downpour.

Greg Hammonds gets the help of Lee Ann Heard in preparation of his graduation gown. Seniors gathered under the visitors' stands before the actual procession began.

Holding down a cap during the final part of commencement is difficult. The wind was whipping up and large drops of rain fell as the last speech began.

Throughout the year faces appeared and disappeared in the crowd. Sometimes they watched, smiled, cheered and even got wet. Every face was important among the over 2500 who were here.

A drug-locating dog is presented to the student body. He obeys a command from his handler.

In April the floods came and students dashed from building to building.

The staff would like to thank the *Purple Pride* newspaper staff for its help, Tom Hardman for his "Faces in the Crowd" writing, the Juniors who lent themselves as subjects for the cover design and David Snyder for the art in the sports section.

Cover and endsheets were designed by Andy Schratwieser.

Wildcat '79 is a member of the Columbia Scholastic Press Association, National Scholastic Press Association, Texas Interscholastic League Press Association and Texas High School Press Association. Wildcat '78 which was a AAA yearbook was mistakenly entered in the AAAA category of ILPC but still managed to place tenth of the large schools in the state. At the same contest in individual awards on the '78 book were won by Editor Mark Isto — first in Cover and third in Theme Development — and Photography Editor Andy Schratwieser — first for Faculty /Administration Section, second for Sports Photography and third for Division Pages.

In the December results from THSPA, the book entered in Class I, a category for schools of over 2250 students, earned an All-Texas Honor Rating (a first place).

Wildcat '79 is printed on 80# Saxon Enamel, Smyth bound with printer set heads in sections. Franklin gothic Extra Condensed is used on the cover and endsheets. Optima is used on the page labels centered between three-point tape. Heads are in Futura Demibold Italic. Copy, captions and photo credits are in Optima; 10 point standard for the first, 8 pt solid for the second and 6 point standard for the last. Scoreboxes are done in optima bold.
